The Droid Typeface Family was designed in the Fall of 2006 by Ascender's Steve Matteson. The goal was to provide optimal quality and comfort on a mobile handset when rendered in application menus, web browsers and for other screen text. Ascender Corporation worked closely with the Open Handset Alliance to develop these system fonts for the Android platform – a complete mobile phone software stack that will be made available under the Apache open source license.

*Droid Serif, Droid Sans and Droid Sans Mono will provide users of handsets developed from the Android platform with highly legible text resulting in easy to use interfaces. Each font contains extensive character set coverage including Western Europe, Eastern/Central Europe, Baltic, Cyrillic, Greek and Turkish support. The Droid Sans regular font also includes support for Simplified and Traditional Chinese, Japanese and Korean support for the GB2312, Big 5, JIS 0208 and KSC 5601 character sets respectively in the Simplified Chinese writing style.*

## DROID SANS ASIAN CHARACTERS

The Droid Sans regular font also includes support for Simplified and Traditional Chinese, Japanese and Korean support for the GB2312, Big 5, JIS 0208 and KSC 5601 character sets respectively in the Simplified Chinese writing style.

The Droid Typeface Family was designed in the Fall of 2006 by Ascender's Steve Matteson. The goal was to provide optimal quality and comfort on a mobile handset when rendered in application menus, web browsers and for other screen text. Ascender Corporation worked closely with the Open Handset Alliance to develop these system fonts for the Android platform - a complete mobile phone software stack that will be made available under the Apache open source license.

人人生而自由,在尊严和权利上一律平等。  
他们赋有理性和良心,并应以兄弟关系的精神相对待。

すべての人間は、生まれながらにして自由であり、かつ、尊厳と権利とについて平等である。  
人間は、理性と良心とを授けられており、互いに同胞の精神をもって行動しなければならない。

모든 인간은 태어날 때부터 자유로우며 그 존엄과 권리에 있어 동등하다.  
인간은 천부적으로 이성과 양심을 부여 받았으며 서로 형제애의 정신으로 행동하여야 한다.
